I have strong skills developing mobile apps using Android, React Native, Flutter.

EXPERIENCE

Ho Chi Minh City

October 2014 - May 2018

Senior Mobile Developer

BeesightSoft

- Worked with architects, engineers, and product management to deliver user-friendly and visually appealing mobile app for the Android/iOS.
- Conceptualized, developed, and tested native mobile applications, including UI, core functionality, and third-party SDKs.
- Working on technologies Android SDK, React Native, Flutter

Ho Chi Minh City

May 2018 - May 2021

Software Engineering

AgileOps

- Worked well independently with team to develop and deliver mobile software projects for global clients.
- Android development(Android SDK), React Native, Flutter

May 2021 - Present

Independent Freelancer

Upwork

- Work with multiple technology stacks to deliver the right Mobile experience for our customers needs, i.e. use the right tool for the right job, whether it be Native, React Native and Flutter
- Well-versed in a diversity of mobile skill-set: native Android and cross-platform using React Native and Flutter

EDUCATION

Ho Chi Minh City

May 2010 - May 2014

Bachelor of Engineering

Ho Chi Minh City University of Natural Sciences

- Software Engineering
- Computer Science

PROJECTS

I've worked with Flutter since its release back in 2017, with prior experiences with native Android development (7+ years) and React Native (4+ years) on many mobile projects from small to medium-size, using many frameworks and 3rd-party libraries
